- **Material Testing**

Key Markets: Domestic & International

- Defence
- Mining, Energy & Mineral Processing
- Drag Racing & Exhausts
- Heat Exchangers
- Marine, Sailing & Recreational
- Mobility Aids

Discriminators

- Mill test report with every order verifying the chemical composition and physical properties
- We offer NATA accredited load testing for all materials
- Fast turnaround times
- Custom Engineering: Can supply any specifications of standard products with low tolerances and high accuracy
- Research & Development Capabilities; Network of Engineers, Scientists & Universities

Key Customers

- Defence Science and Technology Group
- NEPEAN Engineering & Innovation
- Apollo Australia Pty Ltd
- Pac Performance
- Kymera International
- Taylors Engineering

TSA use an Integrated Management System Certified to:

- ISO 9001: 2015 (Quality)
- ISO 14001: 2015 (Environmental)
- ISO 45001: 2018 (Safety)
